Hangman
Game

ABSTRACT

Hangman is a popular word guessing game where the player attempts to build a missing word by guessing one letter at a time. After a certain number of incorrect guesses, the game ends and the player loses. The game also ends if the player correctly identifies all the letters of the missing word.

PROBLEM STATEMENT

Hangman is a guessing game for two or more players. One player thinks of a word, phrase or sentence and the other(s) tries to guess it by suggesting letters within a certain number of guesses.

OBJECTIVE OF THE GAME

Hangman is a classic word game where players guess letters to reveal a hidden word. The objective is to guess the word before the man is hanged.

Introduction to the game

Hangman is a classic word-guessing game. Players attempt to guess a hidden word by suggesting letters within a certain number of attempts.

How to play

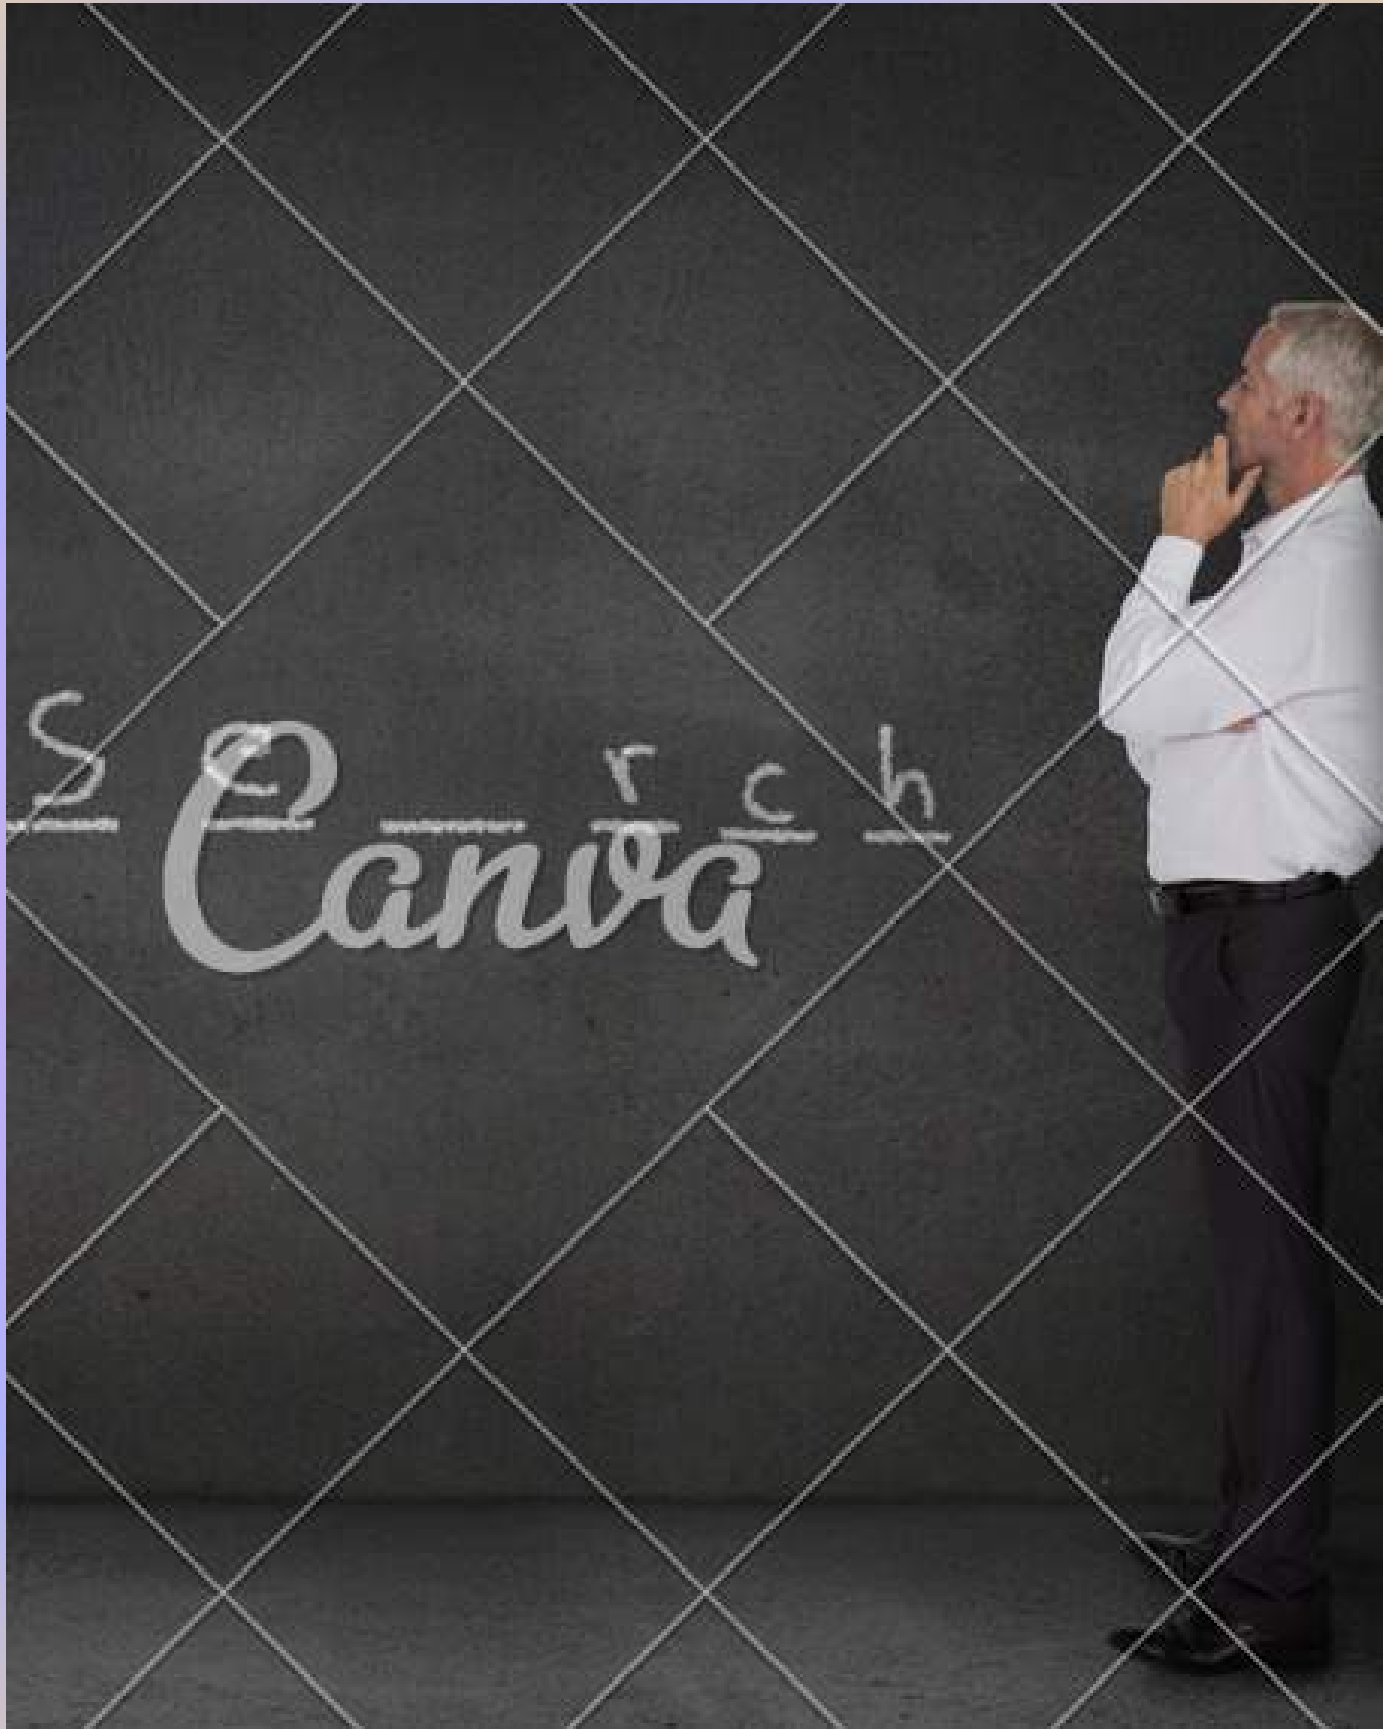

Hangman is a word-guessing game. One player thinks of a word and the other player has to guess the letters. Incorrect guesses result in drawing parts of a hangman until the word is guessed or the hangman is complete. Have fun!

Rules of the game

One player thinks of a word and marks the number of letters with dashes.

The other player guesses letters one at a time.

If a guessed letter is in the word, it gets filled in the corresponding blank(s), otherwise the other player draws one part of the hangman.

TIPS AND TRICKS TO WIN THE GAME

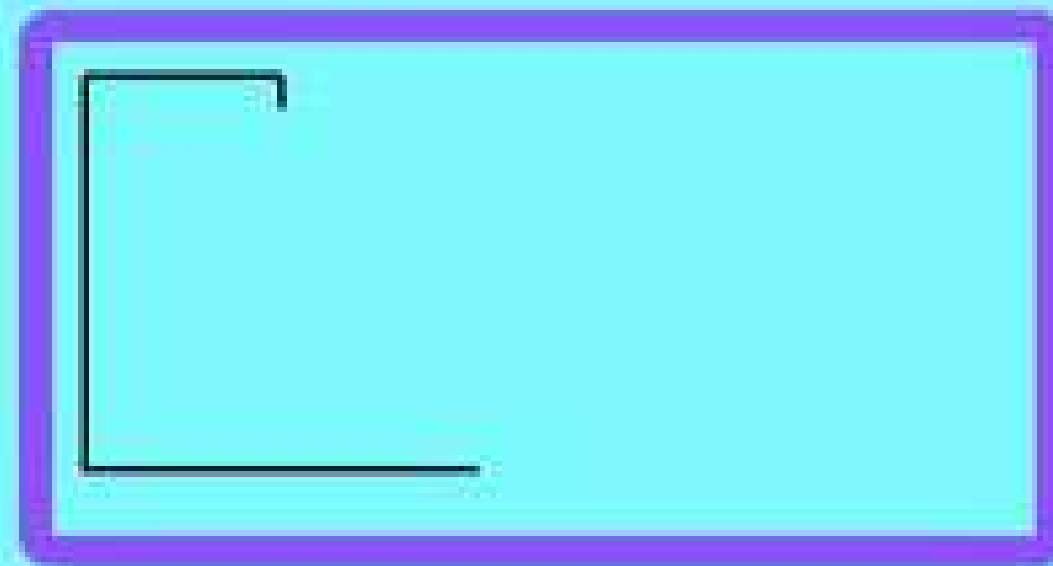

Pay attention to the length of the word, the common letters used, and the category or theme of the word. Start with vowels and high frequency consonants, and eliminate uncommon letters first
